## PHILADELPHIA'S BIG ROW

Both Factions Forming Their Lines  
For a Fight to the Finish  
Over Gas Lease.

INJUNCTION AGAINST MAYOR WEAVER

Judge Ralston Grant's Temporary Re-  
straining Order Against Removal of  
Directors Smyth and Costello-New Of-  
ficials Had Already Been Sworn In-To  
Be Taken to Highest Courts.

Philadelphia, May 25.—Insurance  
Commissioner Durham and other re-  
publican leaders have taken up the  
gauge thrown down by Mayor Weaver  
and are forming their lines for a fight  
that will doubtless be to the bitter  
end. Mr. Durham was in conference  
with his lieutenants until an early  
hour Wednesday morning, but none  
of the parties to the conference could  
be induced to speak of the plans dis-  
cussed by the "organization" leaders.  
It was hinted, however, that an ex-  
tra session of the legislature might  
be called for the purpose of making  
the Philadelphia "ripper" bills passed  
during the recent session, inoperative.  
These bills take from the mayor the  
power to appoint the directors of pub-  
lic safety and public works and place  
it in the hands of the city council.  
Under the act of the last legislature  
the law does not become operative  
until the incumbent mayor's term ex-  
pires in April 1907. It is not gener-  
ally believed, however, that the gov-  
ernor or the members of the legislature  
outside of Philadelphia would approve  
this plan.

Mayor Weaver reached his office  
about 9:30 o'clock Wednesday and a  
few minutes later announced that Col.  
Sheldon Potter had taken the oath of  
office as director of public safety to  
succeed David J. Smyth, removed.  
Prior to the mayor's arrival former  
Judge Gordon, who is associated with  
Ellihu Root of New York, as private  
counsel for Mr. Weaver, called at the  
latter's office. He declined to discuss  
the object of his visit. If the city  
council passes the gas works lease  
over the mayor's veto, which is prob-  
able, an appeal will immediately be  
made to the courts to prevent the  
consummation of the lease and a legal  
war will follow, which will probably  
not end until the United States su-  
preme court has passed on the merits  
of the case. In this event the services  
of Mr. Root, Judge Gordon and other  
legal talent will be at the mayor's dis-  
posal.

David J. Smyth, former director of  
public safety, filed a petition in the  
court of common pleas Wednesday  
asking for an injunction restraining  
Mayor Weaver from removing him from  
office and also asked for an injunction  
restraining Col. Sheldon Potter from  
acting as director of public safety.

The same proceedings were taken by  
Peter E. Costello, former director of  
public works, against the mayor and A.  
Lincoln Acker, who was appointed to  
the office Tuesday by the mayor.  
Judge Ralston granted a temporary  
injunction restraining Mayor Weaver  
from removing Directors Smyth and  
Costello from office and Monday May  
29 was set as the date for argument  
on the injunction.

## CONEY DECLARED ELECTED.

Topeka Man Chosen on Second Ballot—  
More Votes Cast Than There  
Were Delegates.

Parsons, Kan., May 25.—Capt. Pat-  
rick Coney, of Topeka, was elected  
commander of the Kansas department  
of the G. A. R. late Tuesday evening  
on the second ballot, which stood  
Coney, 231; Carr, 189; Grierson, 7.  
The first ballot showed Coney, 186;  
Carr, 135; Grierson, 52. Department  
Commander Harris, who was presiding,  
declared Coney elected. Dissatisfac-  
tion was expressed with the result of  
the second ballot by the supporters  
of Carr, who point to the fact that  
61 more votes were cast on the sec-  
ond ballot than on the first, and that  
56 more votes were cast than there  
were accredited delegates. Carr's sup-  
porters moved to reconsider, but their  
motion was lost in a scramble to adjourn.  
Opinion differs, but it seems that trou-  
ble will follow. There were 375 re-  
cognized delegates and 429 ballots on  
the last count.

Department Commander Harris, in  
speaking of the election, said: "I con-  
sider Coney fairly elected and so de-  
cided. He was no doubt as fairly  
elected as anyone ever was in a Grand  
Army convention. We have not been  
friends, but I declare him the choice  
of the meeting because I think he was  
the man the veterans wanted."

## Threw Bomb at Police Chief.

Warsaw, Russian Poland, May 25.—  
The chief of police of Stedee, capital  
of the government of that name, was  
severely injured by the explosion of a  
bomb at midnight. He was sitting  
on the veranda of a club when an un-  
known man approached and hurled a  
bomb at him. The missile, however,  
fell short, but exploded near enough to  
the chief of police for fragments to  
injure him seriously. Three persons  
were also injured. The man who  
threw the bomb escaped.

## Russia May Tax Incomes.

St. Petersburg, May 25.—The com-  
mission appointed under the presi-  
dency of M. Kutler, assistant minister  
of the interior, to decide on the mea-  
sures to adopt in order to increase the  
revenues of the empire, has deter-  
mined to recommend increased taxa-  
tion to the amount necessary to meet  
the additional expenses on account of  
the war and is considering the ques-  
tion of an income tax from which the  
commission desires to raise \$25,000,000.

## Keeping Shaw Busy.

Oklahoma City, Ok., May 25.—Sec-  
retary Shaw went to El Reno over the  
Choctaw by special train Wednesday  
morning at the invitation of the  
chamber of commerce of this city.  
He spoke there in the forenoon before  
the Territorial Sunday school con-  
vention, returning here at noon and  
departing immediately over the Santa  
Fe for Ardmore, I. T., where he deliv-  
ered an address before the chamber  
of commerce at night.

## Kansas Railway Commissioner's Junket.

Topeka, Kan., May 25.—The mem-  
bers of the board of railway com-  
missioners will start in a few days  
for Texas, Arkansas and Missouri to  
make a comparison of the railroad  
rates in those states with those of  
Kansas. This duty is required by the  
statute. Another trip will be made  
later in the summer to Nebraska, Iowa  
and Minnesota.

Forces in Manchuria Watch-

## VLADIVOSTOK IS NOT YET ISOLATED

Russian Far Eastern Port Still in Touch  
With Outside World Both by Rail and  
Wire—Gen. Linevitch Reports a Small  
Victory North of Chongtufu on May  
21.

Gunshu Pass, Manchuria, May 25.—  
The situation is very tense and the  
rival commanders are watching each  
other like hawks. Field Marshal  
Oyama has made no decisive move.  
Lieut. General Rennenkampf, how-  
ever, made a bold reconnaissance at  
the cost of several hundred casualties  
but the correspondent of the Associ-  
ated Press is not allowed to telegraph  
the results obtained. It is possible  
that it was Rennenkampf's cavalry  
which penetrated southwest of Fakom-  
an.

A dispatch from Tokio May 22, said:  
"A body of enemy's cavalry, dis-  
mounted, attacked Tangshu, on the  
right bank of the Liao river, 13 miles  
southwest of Fakoman, on the morning  
of May 20. After an engagement  
lasting two hours the enemy retreated  
in disorder toward the southwest,  
abandoning 300 killed or wounded."

## PRESBYTERIAN MISSIONS.

Report of Board Submitted to General  
Assembly at Winona Lake—  
Deficit Reduced.

Winona Lake, Ind., May 25.—The  
general assembly of the Presbyterian  
church Wednesday took up the subject  
of foreign missions. The report of  
the board was read by Dr. G. N. La-  
rimer of Chicago. The report showed  
the expenditures for the work in Africa,  
China, Japan, Korea, Mexico, Persia,  
the Philippines, Siam, Laos, South  
America and Syria.

The receipts for the year ending  
in April were \$1,184,778; disburse-  
ments \$1,188,428. A deficit of \$41-  
000 in 1904 has been reduced to \$18-  
702. The report urged special Christ-  
mas and New Year's contributions from  
Sabbath schools and asked for \$1-  
500,000 for foreign mission work next  
year. A new church in Korea was  
recommended. Secretary A. W. Hal-  
lowell, of the board, spoke on the report.  
He said not half of the enormity of  
the atrocities on the Congo river was  
known and that a day of reckoning  
was coming for the King of Belgium.

## Want President to Interfere.

Washington, May 25.—An effort was  
made Wednesday to induce the pres-  
ident to take an active interest in the  
complications which have arisen in the  
affairs of the Equitable Life assurance  
society. Clarence Whitman, president  
of the Merchants association of New  
York had a conference with the pres-  
ident on the subject. Details of the  
conference were not obtainable but it  
is known that Mr. Whitman urged the  
president to take up the subject with  
a view either to ordering a government  
investigation or to making recom-  
mendations to congress on the subject  
of insurance legislation.

## AWAKE AT LAST.

fact that the Japanese have cut the  
railroad to Vladivostok and isolated  
that fortress. The director of telegraph  
informed the Associated press that  
there are two lines to Vladivostok, one  
direct by way of Khabarovsk, Siberia,  
and the other via Harbin. The former  
is working and no interruption of the  
latter had been reported from Harbin  
whence messages are constantly ar-  
riving. Inquiries on the subject have  
been despatched to Harbin. The war  
office has no news of the railroad being  
cut and the idea that the fortress is  
cut off on the land side is regarded  
as absurd, though it is always possible  
that a small raiding party might reach  
the railroad and temporarily damage  
it. It is considered impossible, how-  
ever, that a Japanese force of sufficient  
strength to hold the railroad could  
have passed through the Russian sikh-  
mish lines which keep in touch for the  
entire distance between Gen. Line-  
vitch's army and the division along  
the Tumen river.

Later in the day replies were re-  
ceived from Harbin saying that both  
the railroad and telegraph lines to  
Vladivostok were working and the As-  
sociated press was authorized to deny  
the report of the fortress' isolation.

## Small Russian Victory.

St. Petersburg, May 25.—Gen. Line-  
vitch under date of May 23 reports that  
a Russian detachment successfully at-  
tacked the Japanese trenches on the  
heights north of the station of Chong-  
tufu May 21, forcing the Japanese to  
evacuate their trenches.

## San Francisco Unions Enjoined.

San Francisco, May 25.—Judge Mor-  
row, of the United States circuit court,  
has granted a restraining order against  
the California Federation of Labor and  
the local labor unions from boycotting  
a firm of hat manufacturers of Dan-  
bury, Conn.

## Students Clean Stockholm's Streets.

Stockholm, May 25.—Students of the  
high schools are cleaning the city's  
streets in place of the regular street  
cleaners who have struck for improved  
conditions. Plenty of volunteers seem  
ready to assist the municipal authori-  
ties and it is said that in the event  
of a continuance of the strike military  
officers and civil officials intend to  
form a street cleaning brigade and  
take turns in attending to the sani-  
tary necessities of Stockholm.

## Attempt to Wreck Train Again.

Topeka, Kan., May 25.—Two tramps  
were arrested Tuesday by Detective  
Germaine, of the Santa Fe, charged  
with trying to wreck Santa Fe passen-  
ger train No. 17 last night at Pauline,  
ten miles south of here. This is the  
second attempt made on No. 17 within  
the past two weeks, the first being suc-  
cessful, when the train was derailed  
near Emporia May 12.

## Senator Farris' Trial Postponed.

St. Louis, Mo., May 25.—The trial  
of Senator Frank H. Farris on the  
charge of bribery, which was set for  
hearing Tuesday in the criminal court,  
was continued until next term of  
court. The continuance was granted  
in order that Farris might give testi-  
mony in the trial of former Lieuten-  
ant Governor Lee at Jefferson City on  
the charge of perjury.

## To Be a Service from Kansas.

Topeka, Kan., May 25.—Gov. Hoch  
hopes to have the battleship Kansas  
supplied with a new silver service fur-  
nished by a Kansas jeweler. He de-  
cided Tuesday to call for designs and  
prices for the service from all Kans-  
as jewelers, and if they can fill the or-  
der at a price in the neighborhood of  
made by the eastern firms they will be  
given the commission.

It is reported today that a boy named Allen, accompanied by several other boys, while playing on the Katy right-of-way, was bitten in two places on the foot by a snake, supposed to be a spreading adder. Diligent inquiry and the use of the phone, however, failed to verify the fact, and as all the Allens in the city known to us have been questioned about the matter, no verification of the story has been received.

### KNIFE BLADE IN BRAIN.

Young Man Killed at Tishomingo and Another Surrenders.

Tishomingo, I. T., May 25.—At 2 o'clock Wednesday morning Abe Clement was fatally stabbed in the right temple, receiving a wound about three inches deep, from the effect of which he died in about two hours. Albert Johnson came to Tishomingo and gave himself up to Marshal Colbert. He was taken into custody and locked up.

The blade of the knife penetrated the right temple and broke off. Clement fell to the ground unconscious and never spoke after the stabbing. On examination by physicians it was found that the knife had penetrated the skull and imbedded itself in the brain.

Abe Clement was a young man just 21 years of age. Albert Johnson has been in Indian Territory only a short time and came here from near Weatherford, Tex.

### Shot and Instantly Killed.

Comanche, Tex., May 25.—Henry Carter was shot and instantly killed here Wednesday morning. The trouble grew out of a misunderstanding about some pasture. Wednesday morning near the passenger depot Carter and the man controlling the land had a few words, when Carter was shot twice with a shotgun loaded with bird shot. Carter was on his horse and fell off, and died in a few minutes. His body was riddled with shot and his neck broken.

O. W. Roberts was placed in jail. He is a son-in-law of Henry Martin, formerly president of the First National Bank here.

### Crops Looking Well.

On a trip through the country Wednesday we found the crops in much better condition than was expected. Owing to the frequent rains it was thought that the cotton and corn would, as a general thing, be grassy and weedy, but on the whole such is not the case. Many fields were as clear and free from grass as our streets, and the plants show a healthy, green color. This statement may seem a surprise to many who have not visited the farming section, but this condition prevails, however.

### Eight-Year Sentence.

South McAlester, I. T., May 25.—Jerome Wilson, who was convicted of manslaughter in the United States court last week, and in which the jury asked the mercy of the court in sentencing him, was yesterday sentenced to eight years in the penitentiary.

## SHAW AT ARDMORE.

Told People They Had Earned Right to Statehood.

Ardmore, I. T., May 25.—Secretary Shaw, of the treasury, reached Ardmore Wednesday afternoon and was met at the train by a local reception committee and taken for a drive over the city. He was given a luncheon at the residence of S. T. Bledsoe, and last evening a reception at the Elks club in his honor was a brilliant affair. Secretary Shaw was accompanied here by Fred Brasted, of Oklahoma City.

In his address before a packed house, Secretary Shaw spoke of the marvelous progress that the territory had made, the possibilities of production and the wonderful resources. He referred to the question of statehood, saying that it was certain to come in the near future. "You have transformed a wilderness into a garden and you deserve admission to the union," he declared. This statement was wildly cheered. His speech in the main was a review of our domestic and foreign trade conditions. He asserted emphatically the necessity of increased markets of our products, advocating a merchant marine and showing the importance of the early completion of the Isthmian canal. His address was replete with interesting statistics showing the marvelous growth of our country.

## DEATH IN WHIRLPOOL.

S. army thirty years ago, and since that time at least twenty people have been drowned there.

## GUTTERS FLOW WITH BOOZE.

Wholesale Bootlegger is Caught With the Goods.

Thursday as the Katy passenger train pulled in at the depot a dapper looking individual wearing a blue coat with large buttons and otherwise well dressed, stepped upon the platform and unconcernedly gave a drayman several checks to a trunk and a telescope, telling him he wished them transferred to the Frisco depot.

The accommodating drayman was doing his duty when the eagle eye of Deputy John Chapman got a focus on the articles and he at once got busy. Upon opening the receptacles he was rewarded by finding liquor of all colors from blackberry brandy to Holland gin, and the same was brought to the marshals' office and the well dressed gentleman taken in charge, who at first gave his name as T. M. Jones, but later stated that his name was M. A. McDaniel, of Hickory.

After he was landed in the parlor the stock was taken to the edge of the sidewalk and each bottle was carefully broken, and the air became pregnant with an odor that reminded one of a Kansas joint that had just been visited by Carrie Nation.

During the breaking of the bottles and the wanton spilling of the essence of corn and rye, and while the fluid stood in pools a certain bootblack, unable to see the loss, rushed into a restaurant seized a toothpick holder and scooping up the fiery liquid, was soon in a state of coma bordering on paralysis.

In all there was eight and a half gallons absolutely wasted, which if saved would have made many a mother-in-law hunt the tall timber or the storm cellar, but the government can't see the matter as did Mr. McDaniel and he will have to explain why he had in his possession an embryo saloon.

So wonderful was their effect that in three days I was like a new man, and today I am cured of all my troubles." Guaranteed at Clark's and Dr. Holley's drug store; price 50c.

Wherefore the premises considered your petitioner the incorporated town of Ada Indian Territory prays that said cause be set down for hearing at some date fixed by the Court, and that on a hearing thereof the said territory be annexed to the incorporated town of as described herein, and that the Court make further orders in the premises as may seem proper.

## SHEA WOULD BE A MARTYR

President of Teamsters Union Declares His Intention to Defy the Federal Court.

### LUMBER DISTRICT NOW STORM CENTER

Practically All the Yards in Chicago are Crippled by the Teamsters Strike—Planing Mills and Sash and Door Factories Compelled to Shut Down—Carpenters Are Being Laid Off.

Chicago, May 25.—International President Shea of the Teamsters' union announced his intention Wednesday to defy Federal Judge Kohlsaat and Master in Chancery Sherman by persisting in refusing to answer questions at the resumption of the hearing of the alleged violations of the strike injunctions. President Shea based his determination upon the fact that to answer might tend to incriminate him. The strike leader declared that he would suffer himself to be sent to jail for contempt rather than answer the questions. Relative to the prospective calling out of state troops Mr. Shea said: "Let them call the troops. That will not alter the situation so far as the teamsters are concerned. The teamsters are not interfering with the operations of wagons on the streets and neither will the strike be spread to any great extent. We are using our best efforts to keep it within its present limits."

In announcing his refusal to be questioned by the master in chancery Mr. Shea said: "I think they intend to send me to jail. Anyway I am not going to answer the questions before the master. I will do my own thinking. The law gives me that right. I honestly believe the questions would tend to incriminate me. I might as well go to jail for contempt as for conspiracy. I can run the strike from the jail."

Continuing, Mr. Shea said: "The soldiers will not affect the strike in any way. Our men keep the peace. The troops won't act as strike breakers. It would seem to me that the business men of Chicago would not want the soldiers here. With a lot of young men unaccustomed to scenes of excitement, armed with deadly weapons, life will be in danger. At any rate, thousands of people intending to come to Chicago to buy goods will be frightened away and the effect will be serious to many business men. But personally I have nothing to say against the soldiers' coming."

The strike made idle practically all of the lumber yards in the city Wednesday. "Ninety-eight per cent of the lumber business in this city is now crippled," declared Secretary Hooper of the Lumbermen's association. "It is only a matter of a short time when that per cent of the building operations of the city will cease. We are now calling on the Employers' association for teamsters and until we get them the building business will necessarily suffer."

The planing mills felt the effect of the lumber shortage, some of them being compelled to shut down. Sash and door factories are almost at a standstill and carpenters all over the city are being laid off. The paralysis in the building industries, it seemed would extend until at least 100,000 workmen in many trades are out of employment for lack of material.

Gov. Deneen to Remain at Springfield. Springfield, Ill., May 25.—Reports from Chicago to Gov. Deneen indicated the situation to be so serious, that the governor abandoned a trip to Thebes, Ill., where he is to be present at the opening of the new bridge across the Mississippi river. Instead he will remain in Springfield.

The Jury Disagreed. Denver, May 25.—The second trial of E. M. Johnson and John I. Jones on the charge of making false reports as officers of the Fidelity Savings association which is now in the hands of a receiver, resulted, as did the first trial, in a disagreement of the jury. The jury stood eight to four for conviction.

Assassinated a Russian Prince. Baku, Caucasus, May 25.—The governor of Baku, Prince Nakachidza was assassinated at 3 p. m. Wednesday by a bomb which was thrown at his carriage. A lieutenant who was accompanying the governor and a bystander were also killed by the explosion and the coachman is believed to have been fatally injured.

Bitten by a Mad Cat in Anadarko, Ok. Anadarko, Ok., May 25.—The little daughter of Steven Parker, a contractor, was bitten by a mad cat. Mrs. Parker, the mother, struck the cat with a large carving knife before she could dislodge it from its firm hold of the child's flesh. The little girl was taken to Apache to have a madstone applied to her wound.

His Body Blown to Pieces. Denver, May 25.—M. E. Walley was killed Wednesday by an explosion of nitro-glycerine on a vacant lot in this city. Whether it was a suicide or an accident has not been determined. Fragments of the body were found three squares distant from the scene of the explosion. Walley was a union miner who had formerly lived in Cripple Creek.

William Ziegler Dead. New York, May 25.—William Ziegler, the capitalist and promoter of Arctic exploration, died Wednesday morning at his country home near Noroton, Conn. He was unconscious all of last night. The funeral will be held Saturday at noon.
